## Tier 1 Investigations New NISPOM Client Portal

### INVESTIGATIONS FOR CAC CARDS

Many clients ask us to initiate tier 1 investigations, but industry cannot initiate this type of investigation, only the government. Here's what they are used for:

- Used for Suitability Adjudications and HSPD-12 Credentialing
- Requests for CAC cards
- Non-Sensitive positions
- Low-Risk positions
- Physical and/or Logical Access
- Uses the Standard Form (SF) -85

### ABOUT FSO-SERVICES

Our services are centered around proven policies, procedures and training that deliver compliance with government security requirements.

To learn more, visit our new website: [www.fso-services.com](http://www.fso-services.com).

## **32 CFR PART 117, NISPOM IS NOW PART OF VULNERABILITY ASSESSMENTS**

If you have not reviewed your SPP and incorporated the required changes for SEAD 3, you're not prepared for your next audit. Review the changes required under the new NISPOM and ensure you are compliant. We help clients with self assessments to review their entire security program and close any gaps.

## **CHECK OUT NEW OUR CLIENT PORTAL**

We continue to expand the amount of helpful material that is available on our client portal. You will find templates for security plans, training slides for an initial and annual refresher, and guides for FSO systems to help you be as efficient as possible. Check with us about how we can help your security program and get you access to these resources.
