DCSA New Rating Criteria Begins October 1

DCSA has revised the security rating process. The goal of the new process is to make audits less subjective and more standard.

Contractors should be familiar with this new rating process and the criteria it follows. Contact us if you would like more insights and help plan for an upcoming audit.

This presentation outlines more about the new process and why DCSA is making this change: [click here](#).

Purchasing a Safe to Store Classified Materials

There are several things to be aware of when purchasing a safe to store classified materials.

If you need more information or advice for the purchase of your next safe, contact us to learn more about how we can help. The process can be confusing and time-consuming.

Additional information is available on the GSA website: [click here](#).

FOSTERING CREATIVITY AND CONTINUITY IN BUSINESS

PURSuing A COMPANY CLEARANCE OR ARE YOU A NEWLY CLEARED COMPANY?

If you have been sponsored to become a cleared company, we can help you with that process. The requirements to become a cleared facility are complex and continue to change.

Our process helps save you time and we guide you through all phases of the facility clearance process. If you are a newly cleared company, FSO Services can help you manage your program to stay in compliance and on track to perform on contracts.
